---

## WEB DEVELOPER

---

### CONTACT

---

+91 8320452017  
dhruvlad4444@gmail.com  
Surat, Gujarat, India

### SKILLS

---

Management  
Programming (Python, JAVA, C,  
Django, DSA, HTML, CSS)  
DBMS (MySQL)  
Critical Thinking  
Active Listening  
Smart Work  
MS Office

### EDUCATION

---

Gujarat Technological University  
**2021 - Present**  
B.E in CSE(AI & ML)

Aryam Educational Academy  
**2020 – 2021**  
H.S.C

Tapovan Vidhyadham  
**2018 – 2019**  
S.S.C

### LANGUAGE

---

English  
Hindi  
Gujarati

### EXTRA-CURRICULAR ACTIVITIES

---

Attend Technical Festival – UPL  
University , SNPIT  
Industry Visit – Narola Infotech, Adani  
Hazira Port Pvt. Ltd , Adani Wilmar Ltd,  
TOPS Technologies

### OBJECTIVES

---

To utilize my technical skills and provide a professional service to customers by applying and honing my knowledge and working in a challenging and motivating working environment.

### PROJECTS

---

#### Face Detection

Developed a real-time face detection system using computer vision techniques, achieving high accuracy in identifying and tracking faces within video streams.

#### Facial Emotion Detection

Developed a facial emotion detection model that can analyze facial expressions from images and videos.

#### Diabetes Prediction System

Created a robust diabetes prediction system by leveraging machine learning algorithms and patient health data, resulting in early identification of individuals at risk and personalized health recommendations.

### ACHIEVEMENTS

---

Google Analytics Beginners - Google  
Advanced Google Analytics - Google  
Google Analytics for power Users - Google  
Getting Started With Google Analytics 360 -Google  
Introduction to Data Studio - Google  
Google Tag Manager Fundamentals - Google  
HTML5 , CSS3 : Frontend - Pirple.com  
Google Ads 2022 : Campaign Creation - learnmall.in  
IT Excellence Topper Award – Devang Mehata Foundation  
Secure First Position in College End Semester Exam

### STRENGTH

---

Full-Stack Proficiency (HTML, CSS, JAVASCRIPT)  
Problem Solving (C, JAVA, Python, DSA)  
Database Management (MySQL)  
Continuous Learning  
Communication
